PROFESSIONAL EXPERIENCE

Wireless DNA Inc. (Rogers Authorized Dealer) *Toronto, ON* *Dec 2024 – Present*

Digital Marketing Executive (Process & Marketing)

- Execute marketing activities across 4 channels (50 retail stores, RPP telco e-commerce, 30 sub-dealer stores, Rogers Business); handle creative, co-op fund submissions, vendor coordination, and CRM platforms.
- Managed personalized email campaigns for 300 corporate accounts through Microsoft Dynamics 365; designed, sent, and tracked all emailers.
- Led media planning and buying for 12 retail stores: digital signage campaigns, traffic-driving promotions, and performance tracking leading to an increase in store traffic.
- Led event marketing at the National Home Show (200 activations), T.O. Food & Drink Fest, and Christmas Show among many other expos while handling everything from creative and booth setup to on-site execution.
- Created, shot, edited, and posted all organic social content; grew reach from scratch to ~30,000 with 1,000–1,500 avg. video views (max 7K+), zero paid budget.
- Managed influencer partnerships to increase store traffic.
- Built internal tools using AI/vibe coding: a React/Supabase task management app (Glance) and a Partner Portal for 30 sub-dealer stores to manage assets, contests, and co-op claims.

Skymet Weather & Gramcover Insurance Delhi, *India* *Dec 2022 – Aug 2023*

Manager, Marketing (Digital & PR)

- Led go-to-market for Skymet AI (India's first AI weather assistant); drove app downloads across 8 regional language markets.
- Managed SEO for a platform with 2M+ monthly visitors — worked on content strategy, conversion paths, and reducing bounce rates.
- Led rebranding efforts that defined the #BeyondWeather positioning; coordinated with marketing and PR agencies on the launch campaign.

Designbox Studios Delhi, *India* *Dec 2022 – Aug 2023*

Business Development & Client Servicing Manager

- Built landing pages and ran paid ads (Google & Meta) for clients like Tech Mahindra and Hindustan Coca-Cola.
- Handled client relationships, new business pitches, and end-to-end project delivery across web, app, SEO, and social.
